Dear Parent/Carers

**KEY STAGE 4 HOMEWORK 2011-2012
(YEARS 9, 10 & 11)**

Teachers will set homework in GCSE subjects once a week. The homework should take roughly half an hour to complete. As you can see from the [homework timetable](#), there are one or two subjects each evening. The codes for halves of the year and which option is which subject are indicated on your child's timetable. If in doubt, pupils should ask their Guardian to clarify this.

Please support the homework process by checking your child's planner for the detail of what should be done for homework and signing off the planner each week.

Homework can take the form of read, watch, investigate, practice, as well as written tasks. Additional homework may be set by individual subject teachers from time to time, and this would also be noted in the planner.

Thank you for your continuing support and please do not hesitate to contact your child's Guardian or me with any questions regarding the homework arrangements.

Yours faithfully

Victoria Linsley .

Key Stage Four Homework timetables 2011-2012

All years: You need to know whether you are in V or W half of the year group. If in doubt look at your timetable and your teaching groups will have a V or a W code in them. You also need to know which of your options is the X option and which is the Y option (again look at your timetable). Once you have worked this out the homework timetables for each half year group are as follows:
