“A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.” (The National Curriculum in England - 2014)

In 2016-17, the Primary School received a grant of **£8,890** in order to fund improvements to the provision of P.E. and sport for the benefit of all our pupils.
